THE LADY REPORTER.
CRIMES JACKALS.
POWERFUL ADVERTISING
By Arthur Brisbane

CHICAGO, Feb. 12.—An interesting mayoralty campaign progresses here where everything is done energetically. Mayor Thompson conducts what he calls "a jackass show," displaying a desert donkey with dummies representing his opponents on its back and an elephant representing the Republican party. The mayor intimates that the donkey knows more than both his opponents combined. Concerning the elephant he says it can go nine days without drinking, but "who wants to be an elephant?"

The campaign is getting warm even for Chicago, where nothing is done coldly. Mayor Thompson has sued Judge Lyle for \$100,000 and meanwhile the Herald-Examiner, full of local patriotism, wishes you to know that government records concerning crime show that Chicago stands No. 68 from the top. Outside editors are requested to stop kicking Chicago's crime dog around. Let them look to their own crime records. Florida will be pleased to hear that the city with the lowest crime record in the United States is Tampa.

That Chicago deserves the crime reputation is partly the result of good newspaper reporting. Everything is done and told spectacularly, and never-to-be-forgotten names are invented for the criminals. You never would guess from Paul Block's quiet home paper published in Toledo, O., that Toledo stands first in crime percentage, according to the record, with 236.1 crimes for each 10,000 population against Chicago's 64.1 for each 10,000.

One entire 12-page section of yesterday's Chicago American carries a single advertisement by "The Fair," department store. A similar advertisement published in the Chicago American a week ago produced such results that the advertisement was repeated yesterday.

"The Fair" realizes that it is not wise to whisper in a great crowd of readers, then you can afford shouts. Such advertising clears shelves of goods, employs many in the selling, provides work for many more, producing goods to refill emptied shelves.

The Fair, like big stores in other cities, has branches in different parts of the city, giving the advertiser the full value of newspaper circulation. Mayor Namm, owner

MAIL IS STOLEN,
CLERK BEATEN,
IN U. S. CAPITAL

Three Pouches In Registered Shipment Taken By Bandits

CONSIGNMENT ON
WAY TO TREASURY

Efforts Of Robbers Not Nothing But Mutilated Currency

(By Associated Press)
WASHINGTON, Feb. 12.—A daring holdup of a mail truck carrying registered pouches in the Union station here early this morning was announced by postal officials today as netting the robbers nothing but mutilated currency.

The sacks stolen, after a mail clerk had been beaten with lead pipe, contained only old bills, cut in half for shipment to the treasury department.

Police and government operatives were at work in many portions of the capital and watching its outskirts in an attempt to apprehend the holdup men.

The treasury department said the other halves of the mutilated bills had been received here in a previous mail shipment.

The robbery occurred between two and three a. m. in the Union station concourse.

Mr. Johnson, in charge of 28 sacks of registered mail being shipped from the Federal Reserve bank in New York to the treasury, was the mail clerk bludgeoned by the robbers.

Bills Cut In Two
Officials said the custom of sending money for redemption was to cut an identification mark through it, then to cut the bill in half the long way in bank which was returning it. The lower half of the bill then is sent to the treasury, where it is checked and a telegram is sent to the bank that it has been received. The upper half of the notes are not sent until the bank has received the telegram verifying the receipt and check of the first shipment.

If this custom was followed in case of the stolen shipment, the robbers could not have obtained more than the usual half bills with the bank's identification mark cut through them.

Treasury officials said that now and then some old money was sent for redemption without being cut but this practice was never followed by the Federal Reserve banks.

W. H. Moran, chief of the secret service said it looked "very much as if the robbers had 'gotten a gold brick.'"

Attorney J. F. Sourek In Serious Condition In Hospital

(By Associated Press)
AKRON, O., Feb. 12.—Two children were trapped in a bed-room and burned to death and the father and mother and another child are in an Akron hospital, as the result of a fire that consumed the home of Attorney Joseph F. Sourek, near the golf courses early today.

The dead are: Elizabeth May Sourek, 16, and Joseph Francis Sourek, 6. Attorney Sourek, 45, is reported in serious condition from burns. Mrs. Grace Sourek, 44, his wife, and Rose Sourek, 14, are in fair condition.

Leap From Second Floor
Sourek, his wife and Rose, leaped from the second floor and saved themselves from the same fate that overtook the two children.

Gaining consciousness for a brief period at the hospital, Sourek said he had poured kerosene into the kitchen stove to start a fire. When he lighted it, the fluid exploded, enveloping him in a sheet of flames. He said he attempted to smother the blaze and then rushed, his clothing on fire, to warn his family in the bed rooms above. Then he lapsed into unconsciousness.

Rose, who escaped with her father and mother, told of the leap from the bedroom window and of the frantic attempts to get the other two children to follow them.

Sourek forced his wife and daughter Rose to jump through a second floor window which he kicked out. He then jumped after giving instructions to his daughter Elizabeth, to drop Joseph down to him. After Elizabeth saw her father knocked unconscious by the jump she attempted to leave the house by the stairway with her brother and was trapped.

Sourek, his daughter said, attempted to get back into the house when he recovered his senses, but his efforts were to no avail.

Asks Aid In War
On Bulb Breakers

Cooperation of property-owners in bringing charges against persons responsible for destruction of bulbs in electric street lights here was asked by Service Director Clyde R. Reich today.

Reich explained that breaking of lights by youths using them as targets for air rifles and stones cost the city approximately \$400 in the last two months. Unless residents cooperate with the service department in reporting juveniles responsible for the breaking of bulbs, it will be difficult to check the practice, the service director said.

VATICAN CITY, Feb. 12.—For the first time in history the pope today sent his voice to millions throughout the world in a radio message of peace to mankind. Smiling and tranquil as though he were a veteran of radio broadcasting, he spoke over H. V. J., the new Vatican City station built for him by Guglielmo Marconi and inaugurated in celebration of the ninth anniversary of his coronation as Pope Pius XI.

Marconi Speaks
Senator Marconi, introducing the pontiff, spoke briefly before the address for which men and women were listening in far distant cities of the world.

"This is the first time in history that the living voice of the pope will have been heard simultaneously in all parts of the globe."

Turning to the pope, his friend of long standing, he said: "Holy father, I consign to your holiness the work entrusted to me. Be pleased, I pray you, to let your voice be heard across the world."

Message Of Peace
It was 10:25 o'clock (E. S. T.) when the pope began speaking.

No longer a prisoner of the Vatican, this modern of all popes sent his living voice to his congregation of three hundred million Catholics and to the members of all other faiths.

His was a message of peace and union.

College, County Authorities Consider Disciplinary Steps

(By Associated Press)
ANN ARBOR, MICH., Feb. 12.—University and county authorities today were trying to determine what disciplinary action should be taken against 79 University of Michigan students, members of five Greek letter fraternities in whose houses quantities of liquor were seized in a series of surprise raids yesterday.

The committee on student affairs of the university senate has been summoned for a meeting this afternoon to consider the matter, while the students are to appear in justice court tomorrow to learn of any formal charges are to be preferred against them.

County Prosecutor Albert Rapp said last night he had been too busy with a student bootlegging case to give careful thought to the fraternity house raids.

Preliminary action on another campus liquor case was completed yesterday afternoon when Orrie Brown, Spencer, Ia., law student at the university was bound over to circuit court by Justice Jay Payne on a charge of possessing liquor for sale.

MERCY CHAPTER

CITY NEARS GOAL
IN DROUGHT DRIVE

Leaders See Need Of Replenishing Funds For Home Needs

Salem chapter, American Red Cross, leads the nation in percentage of membership in proportion to population of the city.

That is the report just received by Salem Red Cross workers from national headquarters. For the last two years, Salem has had the highest percentage in the state.

When records were compiled at headquarters in Washington, Salem had 19 percent. However, its roll call campaign had not been completed. Today it has 2,730 members, or a percentage of 25.7.

Brought Quota Reached
W. H. Dunn, chairman of Salem chapter, attributes this remarkable showing to the support given the chapter by employees in the factories, where most of the memberships are held.

Salem's drought relief quota of \$1,800 is within \$95 of its goal, Mrs. Myra B. Woodruff, executive secretary, announced today. It is understood this shortage is to be covered by voluntary subscriptions at once. This money was raised without a campaign, contributions having been given voluntarily. The only exception to this was the charity ball, which netted \$450.

Many Aided In Salem
Attention of Salem chapter officials is now being turned to the possible need for replenishing funds for home needs. While \$2,798 was raised for Salem chapter during the membership roll call campaign last November, the greater part of that amount already has been used in providing food for needy families.

Mrs. Woodruff reports that demands for aid are increasing, although many private organizations, including the W. C. T. U., have given orders for groceries to be sent to families without funds to buy their own supplies. Throughout the winter manufacturers have aided materially by providing some work for men not required to operate the plants. Work for one or two days a week has been given many men because of the manufacturers' desire to contribute to the relief of local needs.

Mrs. Woodruff called attention to the fact that a few families have recently moved into the city and immediately applied for Red Cross help. Charity laws of the state require a year's residence before a family can apply to another city for funds.

Can't Help Others
Red Cross workers here feel that they have plenty to do without helping those from other communities outside the local district, which now extends beyond the city limits considerably. Consequently they are advising others to remain where they have residence, instead of moving for the purpose of obtaining help from another Red Cross chapter.

Township trustees work in conjunction with the Red Cross, which also has been serving many who formerly relied upon the Salvation Army for relief.

YULE SEAL SALE
REPORT ISSUED

Campaign Brings \$759.01 In City Of Salem And Perry Township

Sale of Christmas seals in the City of Salem and Perry township district netted the Columbiana county public health league a total of \$759.01. B. L. Flick, president of the Farmers National bank, and chairman of sales in this district, announced here today.

Total sales in Salem and the township were approximately \$100 less than 1930 sales, Flick said.

In Madison, Elkrun and Liverpool townships sales totaled \$65.85 this year, compared with \$118.12 for last year.

County-wide sales are expected to amount to \$2,600, according to George L. Lafferty, secretary-treasurer of the county health league.

Funds obtained in the sale of the seals are used toward the support of a county fresh-air camp for underprivileged and under-nourished children. This camp has been conducted by the county league with success for past eight years.

## A STATE POLICE FORCE

Establishment of a state police  
force in Ohio is a present possi-  
bility. From time to time during re-  
cent years, as proposals looking to  
formation of such an organization  
have been made, public opinion for  
and against it has been crystallized.  
The present state of opinion is un-  
determined though it probably is  
more favorable than at any time  
in the last five years.Representatives James A. Jones of  
Portage county has brought a bill  
into the house providing for a state  
police force of not fewer than 50  
members nor more than 300 mem-  
bers, to be paid from the general  
revenue fund until such a time as  
it may become self-supporting. The  
State grange, the Farm bureau and  
the Farm Bloc members of the legis-  
lature are expected to back it. It  
is helpful to know, in this connec-  
tion, that Representative Jones,  
partner in a structural steel concern,  
located in Ravenna, is not immedi-  
ately associated with any of the  
groups understood to be favorable to  
his bill. It may be presumed that  
he represents fairly one portion of  
urban attitude toward a measure  
presenting many opportunities for  
a clash between urban and rural  
opinion.The functions of a state police  
force are too well known to require  
description. Representative Jones' bill  
contains the following state-  
ments: "To maintain safety on and  
protection of the highways;" "to  
make arrests without warrants for  
all violations of the laws of Ohio,  
which they may witness, and they  
shall have also general police powers,  
which may be exercised at any time."  
"To conserve life, property and the  
natural beauties of the state" is  
found in another place. It is im-  
portant to notice that the force  
"shall not be used as a posse in any  
municipality having a regularly or-  
ganized police force," and "that no  
officer or member shall be used in  
an industrial dispute." The last de-  
finition of duty is a concession to  
organized labor which, in past years,  
has opposed other constabulary bills  
on the grounds a state police force  
would be used unfairly in strikes  
and riots. These exemptions are in  
the bill's favor. It will be well, also,  
if these supporting it will avoid the  
imputation that a state police force  
could be maintained by costs, for-  
feits and other sources of legal  
revenue open to law-enforcing  
agencies. Speed traps would be a  
natural outgrowth of such a policy.  
State police are intended to pro-  
tect citizens—not to be a nuisance.Representative Jones' bill appears  
sound enough to withstand the hard  
knocks it is destined to receive, and  
it deserves the careful consideration  
of the legislature. Every successful  
small-town bank robbery, numberless  
automobile accidents, and a score of  
law violations occurring outside the  
jurisdiction of municipal police  
forces cry the need of protection  
that a state constabulary could sup-  
ply if it were to function in a proper  
way. Consideration of this most re-  
cent proposal for its establishment  
will do a great deal to crystallize  
favorable opinion more extensively  
than ever before.

## Scrub Face For Complexion

Not long ago I talked with the  
owner of a "beauty parlor." She is  
an unusually intelligent person and  
I was much impressed by her com-  
mon sense views regarding the skin.I want my readers to have the  
benefit of what this good woman  
told me. If all or some of these  
suggestions are followed, they  
cannot be other-  
wise than helpful  
to the sufferer  
from a bad skin.I had spoken of the remarkable  
output of one  
American soap-  
maker. This firm  
produced and sold  
last year 96,000  
tons of soap. That  
is an amazing thing—192 million  
pounds of toilet soap, perhaps a  
billion bars!"Oh! I am so glad to hear that,"  
said the lady. "Too little soap and  
water are used by the people.  
Cleanliness, the cleanliness that  
comes from scrubbing the skin with  
soap, water and a rough wash rag,  
are essential to a good complexion."Then we talked about the skin  
eruptions, particularly the acne and  
blackheads so many boys and girls  
have. "If only these children would  
scrub their faces and then leave on  
the surface to dry in a lot of the  
lather of common, yellow laundry  
soap," she said, "they are on the  
way to a speedy recovery of normal  
skin.""After the soap has dried, yellow  
vaseline should be applied, right on  
top of the dried soap. This is left  
on all night and scrubbed off by  
vigorous washing in the morning."  
That, the lady said, will soon end  
the acne.Then we talked about "alopecia,"  
that peculiar form of localized bald-  
ness from which some persons suf-  
fer. There is just a patch of scalp  
denuded that causes a loss of hair  
from a spot the size of a silver dol-  
lar, or larger. The doctors call it  
"alopecia areata.""If this area is soaked night and  
morning with a two per cent for-  
maldehyde solution, dried, painted  
with iodine and then smeared with  
yellow vaseline twice a day, the  
trouble will disappear in two  
weeks." Thus said the lady.Certainly, these remedies are sim-  
ple enough and absolutely harmless.  
They are worth trying. The thor-  
ough cleansing, if nothing else  
helps, will go far toward a cure.If you try these sensible mea-  
sures and are greatly benefited, I  
wish you would write me about it.  
If we can help even a few of the  
people who have been embarrassed  
by marred skin, it will add to the  
sum total of human happiness.Needless to say, your good friend  
the family doctor, must not be  
overlooked. He will advise you about  
the diet and any internal medica-  
tion you may need. I am sure, he  
will not disapprove local measures  
so plainly sensible as are here out-  
lined.Answers To Health Queries

merely fires off a barrage of typical  
Guinan telegrams and usually scores  
a bull's eye. Her almost constant  
companion in public is her hand-  
some young brother Tommy.No other Broadway figure has  
appeared so largely in modern fic-  
tion. She has been made the cen-  
tral character in two novels, at least  
a half hundred short stories and a  
dozen talks and legitimate stage  
productions. Her auto-biography is  
being written.She has already created an aura  
of White Way glamour. To the world  
she has become the lanky, red haired  
hoyden—the nocturnal wise cracker  
with a heart of pure gold. Behind  
her rowdy "Hello sucker!" is a maw-  
kish tenderness for the visiting  
spenders. And all that rot.She is reputed never to have  
smoked, touched her scarlet pursed  
lips to liquor and is "good to the  
folks." The legend goes she leaves  
the field closeness of her club each  
day to cater in the clean air of  
Central Park.Yet if the prophets are correct  
Miss Guinan's star in the Broadway  
heavens is descending. The night club  
furore has spent itself and she is  
to take off shortly to conduct a club  
elsewhere. Her popularity is almost  
solely New Yorkish. Hollywood once  
looked her.There are many stories as to how  
much wealth Miss Guinan amassed  
in her reign as a rowdy night club  
queen. She is reported to have re-  
ceived a jousting in the market. For  
reasons she has made upward of  
\$2,000 a week. Her chief extra-  
vagance is poker. She has lived in a  
modest brick house on 12th street  
for years. Her fortune is variously  
estimated from several hundred  
thousand to a tabloid million.Peculiarly no one made a tre-  
mendous fortune sponsoring night  
clubs. Gil Boaz, who was a former  
night club king and the most suc-  
cessful of all, did not retire with a  
particularly large fortune. "Protec-  
tion money" blots up the big earn-  
ings.In the Tenderloin, when some

of Parmit (double strength) and  
add to it 1/4 pint of hot water and  
a little sugar. Take 1 tablespoon-

It is easy to take. Anyone who

## SEARCH DETROIT FOR SLAYER OF CLEVELAND MAN

Lessee Of Apartment In Which Potter Died Is Sought By Police

(By Associated Press)  
CLEVELAND, O., Feb. 12.—The trail of the killers of former Councilman William E. Potter led to Detroit today.

Letter Used As Clue  
"M. J. Markus", mysterious lessee of the apartment where Potter was slain nine days ago, was traced to Detroit through a letter sent by Fred C. Laub, custodian of the apartment block, to Rev. Milan Hranilovich, Chicago, owner of the building.

Explaining that his account was \$45 short, Laub wrote that this was the amount owed him by "Markus", but that Markus had called him from Detroit saying he would come here the next day. The following evening, Potter was shot to death. A man answering the description of "Markus" and a pretty blond were taken from the building that night by a taxi-cab driver and have vanished.

Link Call With Murder  
Detectives connected the Detroit telephone call with the visit the same day of two men who said they were from Detroit. They came to the city hall and waited for Potter sev-

eral hours, but left a note and departed when he failed to appear. Discarding the theory that Potter was slain because of what he might know concerning city land purchase frauds when he was in office two years ago, police believed the hired slayer or slayers were in some way connected with the "East 105th street mob" which frequently has been found in alliances with Detroit gangs. Potter, officers believe, was the victim of some racketeer dispute. Potter's widow declined to allow police to see her husband's private papers on the advice of her attorney.

### ABRAHAM LINCOLN

Editor, The News:

Lincoln! Constructive Lincoln! In these days of "Constructive treason", how faithful hearts long for constructive Lincoln. Let us get back to Lincoln.

Lincoln! Straight thinking Lincoln!

In these days of chaotic plotting and planning against our constitution; of satanic "strong delusions" concerning it, how greatly we need straight thinking Lincoln. Let us get back to Lincoln.

Lincoln! The unpurchasable Lincoln!

In these days of innumerable Esau "selling their birthright for a mess of pottage"; of innumerable Judases willing and eager to "sell their honor for thirty pieces of silver", let us consider "honest Abe Lincoln". Let us get back to Lincoln.

On February 12, 1809, the Lord gave us Abraham Lincoln. The man we delight to honor as a specimen of the highest type of loyal citizenship.

Lincoln said:

"Let every man remember that to violate the law is to trample on the blood of his fathers, and to tear the charter of his own and his children's liberty. Let reverence for the laws be breathed by every mother to the lisping babe that prattles on her lap; let it be taught in the schools, in seminaries and colleges; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And, in short, let it become the political religion of the nation, and let the old and young, the rich and poor, the grave and the gay of all sexes

and tongues and color and conditions, sacrifice unceasingly upon its altars."

Again Lincoln said: "As president, I have no eyes but Constitutional eyes."

But even as a humble, obscure citizen, from his childhood up, his "eyes" were ever loyal. He always saw constitutionally. That is the secret of his greatness: the reason "he came into the kingdom for such a time".

And so may each obscure citizen today be personally loyal to beneficent, constitutional prohibition.

Total abstinence never made a drunkard. "Tippling" has made countless millions of degenerates.

Total abstinence is constructive. Tippling is destructive. Prohibition is a mother protector to the weak and erring. All straight thinking citizens will endeavor to make it a permanent policy of our government; not a mere "experiment".

Total abstinence is straight thinking; tippling is "strong delusion".

Let us get back to Lincoln.

Let all in authority be constructive Lincolns, standing by the constitution as they have pledged. Let them be straight thinking officials, uncorruptable by "filthy lucre". Let them each, in their own "corner," be it great or small, be Lincolns in sterling loyalty. Let us get back to Lincoln.

Let us all together abstain, remain, maintain, sustain prohibition. Proverbs 14:34. "Righteousness exalteth a nation; but sin is a reproach to any people."

Loyally, L. M. S.

# an Open-letter to Buick owners

February 7, 1931.

Dear Buick Owner:

Because of its importance, we decided to inform you now that the present line of 1931 Buick Straight Eights will not be replaced by new models this summer.

Buick, as you know, has introduced its new cars on August 1st, year after year. But inasmuch as these new Straight Eight models have met with such spontaneous approval by thousands everywhere, Buick has decided to continue manufacturing the present Eights throughout the summer and coming fall.

This is mighty good news to thousands of Buick owners because they will buy new Buicks now with the knowledge that there will be no model change next summer.

They will find in these new Buicks a degree of performance that is certain to give them a genuine thrill. All have the safe, silent-shift Syncro-Mesh transmission. All have Valve-in-Head Straight Eight engines. And all have the famous insulated Bodies by Fisher.

So well has the 1931 line been received that, out of every 100 eights sold in Buick's price class, 56 are Buicks.

May we suggest that you drive the Eight as Buick Builds It? Your Buick dealer will be very glad to have you take the wheel and learn at first hand how very much Buick Straight Eight performance adds to the joy of motoring.

Very truly yours,

**WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL**  
And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain no harmful, harsh, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Rosent a substitute.

Mrs. Eleanor Patterson, editor of the Washington Herald, decided to interview Dr. Einstein, climbed the rocks on Samuel Untermyer's Palm Springs estate in California and found Dr. Einstein taking a sun bath with a handkerchief over his head.

She climbed down again with an interview, wondering what a regular determined go-getter she reporter would do under the circumstances.

Under such circumstances, Nelly Bly, best American reporter with the possible exception of Dorothy Dix, would have got a blanket, put it over Dr. Einstein and got the interview, if necessary, sitting on the blanket and Einstein to keep him from getting away.

Mrs. Patterson is a first class reporter.

porter. Her account of Charlie Chaplin's first night, with Dr. Einstein shedding big scientific tears and Mrs. Einstein saying "ach weh", should be read by all young reporters.

Unfortunately Mrs. Patterson has more than \$1,000,000 income, thanks to her grandfather, Joseph Medill, who founded the Chicago Tribune, so she won't do the fine things she might do. Few succeed, despite wealth, the worst of all handicaps.

When a lion goes hunting, jackals follow. When he has eaten his fill they eat.

Crime develops the jackals. When a killer has finished his man and left him lying dead in an alley, in the rear of 637 South State street here, two young men, 20 and 22 years old, following the murderer at a distance, stripped the corpse of its clothing as their share.

Detective Harold Fogarty got them and the clothing, including the shoes. Photograph shows one of the youths laughing as the clothing is held before him.

### PICK SAME DAY, SAME HOUR, TO GET LICENSES

(By United Press)  
CHESTER TOWN, Md., Feb. 12.—Marriage License Clerk Cross knew as soon as the young couple entered the court house they wanted a permit to wed, so he passed over the blanks for signatures.

Just as the young man had finished writing "William Allaband, 23, of Kennett Square, Pa., and Myrtle N. Eastburn, 16, of Unionville, Pa." another couple entered.

"Why, Hello Earl, what are you doing here?" cried the first bridegroom-to-be.

"Same as you, I guess," replied the second young man as he wrote "Earl F. Allaband, 21, of Kennett Square, Pa., and Eva M. Crossan, 18, of Unionville, Pa."

The girls giggled and William looked surprised, when another couple walked into the room.

"Lo, boys," said the third young man. "Didn't expect to find you here."

The third young man wrote "Harvey Allaband, 23, of Kennett Square, Pa., and Margaret E. Gallagher, 19, of Kennett Square."

The three brothers shook hands excitedly, while the girls embraced.

The three brothers picked the same day and practically the same hour to motor nearly 100 miles to the same court house to get marriage licenses.

### Hearings Continue

### SO RUN DOWN HE COULD NOT SLEEP

"Severe Stomach Disorders, Dizzy Spells and Baches Were a Constant Worry. Owa-Ton-Na Proves Wonderful," Says Mr. Maderia

Maderia, 307 Pleasant Way, Mingo Junction, Ohio, is so enthusiastic about Owa-Ton-Na. He says: "It was the same thing every night. I would just toss for hours trying to get to sleep. My nerves were in a terrible condition."

"Owa-Ton-Na acted differently than anything I ever have taken. It didn't seem any time at all until my stomach felt much better. Food began to digest properly and bloating spells were not near as bad. My bowels became regular and now I can eat almost anything I want without suffering afterwards. Baches, dizzy spells and headaches are gone and I am rid of that tired, worn-out feeling. Owa-Ton-Na certainly is a remarkable remedy and I gladly recommend it to other sufferers."

Reading what Owa-Ton-Na does for others isn't going to help you unless you decide to take it, too. Sold in Salem at the J. H. Lease Drug Co. and Broadway Lease Drug Store.—Adv.

### "MONTE CARLO"

At The State  
Six popular songs feature the picture taken from an episode of "Monte Carlo" playing tonight at the State theatre.

"Monte Carlo" is the comical account of a courtship without hardship in the continent's hottest spot. The locale is one of the most fascinating in the world—with its gambling tables, its gay life, its unique position as the smallest principality in the world, its rich, luxurious atmosphere of fast-pulsating romance.

"Monte Carlo" is the tale of a Countess who goes to the great European gambling resort to escape a possible marriage with a Prince whom she cannot bring herself to fall in love with. While she is in Monte Carlo she becomes the objective of the romantic heart of a young and handsome Count who finds it necessary to get a position as her hairdresser in order to be near her.

The fortunes of the Countess played by Jeanette MacDonald, the Prince enacted by the English comedian Claude Allister, and the Count who Jack Buchanan portrays have been carefully blended into a rich and mirth-provoking entirety.

### GOITRE NOT A DISEASE

Milwaukee Doctor Makes Remarkable Discovery

Milwaukee, Wis.—It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. A-3 Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. # Wellsville, Ravenna Teams Billed To Face Salem Hi Tossers

## THE DAY In Sports

CRUCIAL COUNTY TILTS  
CAGE RACES IN MIDDLE

## Strong County Rival To Play Here Friday In Important Battle

An offensively strong Wellsville High school basketball team, victorious in ten out of eleven games played to date, invades Salem High's gymnasium for the first of a two-game home-and-home series between the two Columbiana county scholastic rivals Friday night.

It will be the first of two important contests scheduled for the Red and Black tossers this week, the second coming Saturday night when Coach Floyd Stone's lads, both varsity and reserves, trek to Ravenna for the second duel with the district rivals who were annihilated here, 30-19, last week. The Wellsville game means everything to Salem's chances of attaining the county championship while the Ravenna contest has an important bearing on the team's standing in the Northeastern Ohio league battle.

**Stonemen Have Hopes**  
The Stonemen are still holding slight hopes for their winning titular honors in both the county and district tournaments. The chances are extraordinarily slim but the Quakers are ambitiously hanging on and hope to finish up among the leaders.

Out of these events comes a fact that should have been apparent some time ago. Apparently neither the city or district leagues have a definite code of rules, at least the district circuit has none to apply to such a case as Warren's withdrawal and such a rule should immediately be drafted.

Salem's Class A league should have had a printed code of rules three seasons ago. Managers of teams have avoided unwritten rules simply because those orders were not down in "black and white" and the league board must, in order to preserve basketball for future years, take such action. The same situation applies to the district or the league cannot survive.

Wellsville High, playing here Friday night, is almost Salem High's last hope for a county championship this year. For Saturday night the Tigers clash with the strong East Palestine team at Wellsville and, should Salem win over Wellsville here, the Quakers will practically have won the county title. The games are just as important to Coach Dave Evans' team as they are to the Red and Black for, with only one defeat in county competition, the Tigers can still win the crown.

A meeting of the Salem athletic board will be held this week at the Memorial building to determine final action in the Golden Eagle-Florists debate. . . . The Grove Electric will practice at the high school gymnasium at 2 p. m. Saturday. . . . trying to find out what was the matter Tuesday night when the Electric Furnace trimmed them. . . . Salem Saxons play at Alliance Saturday.

Two Salem High cage enthusiasts that don't get to see their team in action a great deal are R. W. Hilgendorf and J. C. Guiler. . . . Hilgendorf is the high school's treasurer and exchequer and must be on hand to sell ducaats and see that all funds are taken care of. . . . Guiler, debate coach, is the pleasant gentleman you hand your tickets to at the door. . . . Fire Captain George Lewis and Antonie "Tony" Meissner are still leading claimants to the Salem cage championship. . . . they beat two more challengers at city hall the other night and are eagerly awaiting more competition.

Opposition to the Ackerman boxing bill was voted today by the Foremen's club of the Mullins Manufacturing corporation in a telegram sent to R. D. Smith, Salineville, this district's representative in the Ohio general assembly.

The boxing bill is scheduled to appear before the present assembly and stipulates that a large license fee and percentage of gross receipts be exacted from all organizations or individuals sponsoring professional fight shows.

Ohio fight promoters, banding together, are opposing passage of the bill. The telegram was sent to Rep. Smith by James R. Kesselmir, president of the Foremen's club.

Action was taken by the Mullins group in that the club sponsors profit shows as a form of entertainment for employees, not as a money-making project.

## Baseball's Greatest Humorist Dies; Originated Modern Slang

(By Associated Press)  
CHICAGO, Feb. 12.—Charles Dryden, first and perhaps the greatest of all baseball humorists, is dead.

The man who originated nearly all the expressions used in writing baseball today, passed on yesterday in his modest little cottage in Ocean Springs, Miss., after being a hopeless paralytic for 10 years. He was about 71 years old.

**Former Newspaperman**  
Dryden, who worked on Chicago and New York papers, until about 15 years ago, became famous for the unique manner in which he reported baseball games. He always built his stories around an incident which struck him as humorous. He was nationally recognized as one who could pick a nickname for a baseball player and make it stick.

He was the first to call Frank Chance, late manager of the famous Cubs team of 1906, the "peerless leader." He was the first to call a baseball park a "ball yard." He hung the name "Big Moose" on Ed Walsh, famous White Sox pitcher, and once wrote of Walsh as "the only man in the world who could strut standing still."

**Regards Games As Joke**  
Dryden regarded baseball as a huge joke, and always wrote humorously of games.

Dryden became a writer through no desire of his own. He was an iron moulder in Monmouth, Ill., and while working in a foundry wrote amusing incidents that came to his mind. A friend, reading some of

Dryden's sketches, advised him to quit the iron moulding business and become an author. Dryden wrote several humorous books, one of which was entitled "On and Off the Bread Wagon." It was a story of his own personal experiences. Later he wrote a story of the sea.

**Goes To California**  
When Dryden decided to become a writer he went to San Francisco. He hung around a newspaper office and when a big fire broke out and there being no regular reporters available, Dryden was assigned to the job. He wrote an amusing story about a fire, neglecting to mention that several firemen had been killed, but the story made such a hit with the editors that Dryden was given a permanent job.

Dryden, while a paralytic, did everything by the tick of the clock. He ate at a certain time, took a drink of water at a certain time, a chew of tobacco at a certain time.

He died by the monotonous tick of the clock. He sat all day long in a big easy chair, down in his cottage in Ocean Springs. The big clock was always in front of him.

## James Kesselmir To Announce Fights

Sebring charitable institutions will benefit from an amateur boxing show which will be held at the Sebring American Legion hall Friday night.

The show will be an all-charity affair. Eddie Howell, Sebring, and Neil Lorden will referee while James Kesselmir of Salem will appear as announcer.

A classy fight card has been arranged.

**Fans Want Ducaats**

Although the Carnegie Tech-Notre Dame football game will not be played until next October 31, Tarrant athletic authorities already have applications for more than 40,000 tickets. The stadium seats 65,000.

## California Track Prospects Bright; New Athletes Appear

BERKELEY, Feb. 12.—New strength in practically all events has added new lustre to track and field prospects at the University of California this season.

Golden Bear athletes have been seriously at work for a little more than a week, and already the dopsters have it that this year's team will be considerably better in competition than was last year's aggregation, even though surveys on paper are the only possible basis for comparison.

**Los Angeles Captain Pegolotti**  
The most serious losses are those of Al Pegolotti, captain and star hurdler of last year's team, and Emory Curtice, leader of the 1929 varsity who returned in 1930 for a final season in the javelin event. Curtice performed well during the season and placed fourth in the I. C. A. A. A.

Fred Henderson, two-miler, is another athlete whose absence will be felt, and Benny Lem and Bill Bias are missing from the ranks of the broad jumpers.

The javelin holds the "star spot" among the Bears' best events, with Kenneth Churchill, I. C. A. A. A. record holder and N. C. A. A. cham-

pion, returning for a final fling—or flings. Churchill gained his record with a toss of 212 feet 5 inches, and at the N. C. A. A. meet won the event at 204 feet 2 inches.

Weight men are plentiful and if "unknowns" develop may be stronger than last year. Fred DeBerry, whose best shot put last year was 47 feet, returns. Sherlock Hackley comes up from the freshmen in both events, and Clarence Lang, who did not complete last season, looks promising in both shot and discus. Waldo Darraq, Fullerton junior college transfer, and two other former jaycee performers, Lyman Pink and Lorin Todd, are rated as good prospects.

Dick Rice, consistent at 6 feet, leads the high jumpers with John Enright, a point winner of last season not far behind. Tony Jackie-vitch does not return.

The outlook in the pole vault is fair, with George Pool, consistent at 13 feet, returning from last year's varsity and Charles Vantress, a promising youngster, coming up from the freshmen. Vantress set a new California-Stanford freshman record last year, his best vault being 12 feet, 6 inches.

## METHODIST CAGE TEAM DEFEATED BY GREEN ROOM

League Leaders Swamped By Fourth Place Five In Class B Loop

The Methodist church cage quintet, once far in the lead in the American league of Salem Class B competition, now possess first place in the circuit by only a half-game margin and are being seriously threatened for championship honors.

Upsets which continue to flourish in Class B leagues again came to the fore in Wednesday night games, the Methodist cagers dropping a one-sided 23-9 decision to the fast-rising Schafer's Green Room team.

Outclassed all the way and held to two points in the first half, the league-leaders never had a chance against the speedy opposing five which looked like one of the best Class B outfits in the city.

"Charlie" Quinn and Glasgo led the Green Room's attack with 10 points each. The churchmen scored only four field goals during the game, "Mutt" Roessler's defensive work featuring the game.

The J. H. Lease Drugs advanced to a 500 rating in the league by eking out a 14-13 decision over the tail-end Business College five while the Salem China company was swamped by the Bloomberg five, 20-8.

## RECALLS 'ABE'S' DESIRE TO SEE HOWITZER WORK

Retired Skipper, 93, Entertained President Long Time Ago

(By Associated Press)  
NEW YORK, Feb. 12.—The old schooner Matthew Vassar now in shore and after some maneuvering tied up to a dock in the Washington navy yard.

Her skipper was busy in the cabin and the mate, William B. Draper, was below decks.

There was a bit of a howdeedo at the rail and a tall man, wearing a high beaver hat, came over the side. "Where's the master?" he asked in a deep voice.

They sent for Draper.

Skipper Recognizes Guest  
"Do you know who I am?" the caller asked.

"No one could mistake you sir," Mr. Draper replied in his best first mates English. "You are President Lincoln."

On the deck stood a howitzer, new fangled weapon of great vaunted prowess.

Abe Lincoln, for it was he, pointed to it and said:

"I've heard a lot about them and would like a demonstration."

There was a shell in the mortar, but no powder. The men handled the piece expertly, elevating its yawning mouth.

Mate Draper turned to the President and said:

"I have the right elevation now, sir, and can land a shell right on the dome of the capitol if you wish, sir."

The president smiled and answered:

"No, leave it where it is. That is

the best place for it."

With a few more words the great man took his leave.

Memories Remain  
That was a long time ago. But a man can have memories, when he lacks but nine years of living a century.

And "Uncle Bill" Draper, as they call him at Sea Cliff, N. Y., has 'em these cold February evenings when he hauls up before the hearth of the cottage he built with his own hands.

"Uncle Bill" doesn't believe with Edgar Masters that Lincoln's was a forbidding personality.

Draper sailed around the world and back again in his day. But the biggest and most wonderful character he ever encountered was President Lincoln and he doesn't mind telling you that. He said today:

"I remembered him best by his hat. First the hat, then the face. They called him homely but it was a face you could trust and couldn't help loving. And sometimes when you looked in his eyes there was a catch in your throat for the sadness of them."

"I never saw him alive again after that day," said the old retired sea dog. "But when I did look upon his face once more he lay in state in the New York City Hall."

VAN BUREN, Me.—Armed with only a cedar club, Levite Beaulieu battled a black bear in the woods near here and lived to tell the story.

The man came upon the bear while tracking it through the snow. Instead of trying to escape, Beaulieu attacked the animal and killed it with a single blow of his stick.

Will Present Operetta  
The Parent-Teacher association of the Leetonia candidate school district has decided to give an operetta

for the benefit of welfare work. The members of the cast are to be taken from the high school chorus. It will be given one evening at Leetonia and one evening at Washingtonville.

GREENFORD  
Mr. and Mrs. Walter Hively and daughter, Myrtle, visited Saturday at the home of Mr. and Mrs. Robert McEldowney at Columbiana.

J. E. Landfried has secured employment at Sharon, Pa., and will move there.

The Ladies' Aid society of the Christian church had a quilting

last Wednesday at the home of Mrs. Belle Calvin and Mrs. Robert Shepherd.

Robert Bush of Canfield was a Greenford caller last Tuesday.

Mrs. Robert McEldowney of Columbiana spent several days here with Walter Hively and family.

The Greenford basketball team played at Canfield Saturday night. The boys' team won its game by a score of 21 to 9, while the girls' team lost to Canfield.

I. C. Bush has returned from a business trip to Cincinnati.

George Zwiasser, Mineral Ridge was a visitor here this week.

Several Greenford residents attended the dedication service at

Holy Trinity English Lutheran church in Salem Sunday afternoon.

## Pelican Tamed In Santa Barbara Zoo

SANTA BARBARA, Cal., Feb. 12.—Usually only pups, cubs, fledglings and other young forms of wild life can be domesticated, but it is different with Pete.

Pete is an elderly pelican who has made his living as a sea-diver off this port for so long the oldest inhabitant doesn't recall Pete's coming.

The pelican dived into a hidden pier the other day and broke a wing. He now is convalescing as the guest of the wharf watchman and of all Santa Barbara kids.

NEW HAVEN, Conn.—Reorestation of Connecticut's once heavily wooded slopes is being accomplished gradually through the efforts of the Connecticut Agricultural Experiment station, which for the 31st year has announced it will supply seedling trees at cost.

## Pile Sufferers

## END YOUR MISERY WITHOUT SALVES OR CUTTING

External treatment cannot permanently end Piles. Nor does cutting remove the cause.

The cause is internal—bad circulation of the blood in the lower bowel. The veins are flabby—the bowel walls weak—the parts almost dead. To quickly and safely rid yourself of piles an internal medicine must be used to heal and strengthen the affected parts.

Dr. J. S. Leonard, a specialist, after years of study discovered a real internal Pile remedy. He named his prescription HEM-ROID, and prescribed it for 1000 patients, with the marvelous record of success in 900 cases, and then decided every Pile sufferer should be able to get HEM-ROID from their own drug-gist.

Don't waste time on external remedies or think of the pain and expense of an operation until you have tried HEM-ROID. Lease Drug Co. and Broadway Lease Drug Store will supply you and guarantee money-back if it does not end all Pile misery.

## TODAY'S RADIO PROGRAMS

(By Brush-Moore Leased Wire)  
President Hoover's tribute to the memory of Abraham Lincoln is to be broadcast over two of the three national networks tonight.

Speaking from the Lincoln study on the second floor of the White House, where the work of the war, Hoover's message will go out over the Columbia network and stations on NBC's WJZ chain at 10 o'clock.

The broadcast will carry Hoover's only public utterance on the birthday anniversary of Lincoln. So many requests for his services as a speaker at numerous affairs were received that the President decided the radio was the medium through which he could comply best to all of them.

**Plea For Drought Funds**  
Plea from two governors for contributions to the Red Cross fund for relief of conditions precipitated by the drought will be broadcast during the program Don Voorhees' orchestra will present over the WJZ network tonight at 9:30. The speakers are Governor Harvey Parnell of Arkansas, one of the states hardest hit by the drought, and Governor Norman S. Case of Rhode Island.

John Barton Payne, president of the Red Cross, will introduce the speakers. The plea of Governor Parnell will come from Little Rock, Ark., and that of Governor Case from Providence, R. I.

### Acids In Stomach Cause Indigestion

Create Sourness, Gas and Pain. How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed, and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist some Bisurated Magnesia and take a teaspoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. Adv.

## A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. With two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

IN ENERGETIC CHICAGO.
THE LADY REPORTER.
CRIMES JACKALS.
POWERFUL ADVERTISING
By Arthur Brisbane

(Copyright 1930 By King Features
Syndicate, Inc.)

CHICAGO, Feb. 12.—An inter-
esting mayoralty campaign pro-
gresses here where everything is
done energetically.

Mayor Thompson conducts what
he calls "a jackass show," display-
ing a desert donkey with dummies
representing his opponents on its
back and an elephant representing
the Republican party.

The mayor intimates that the
donkey knows more than both his
opponents combined. Concerning
the elephant he says it can go nine
days without drinking, but "who
wants to be an elephant?"

Mayor Thompson's opponent,
Judge Lyle, is also a political im-
pressario. To offset the desert don-
key at his meetings he displays a
collection of sawed-off shotguns,
sub-machine guns, explosive bombs
and other tools of the gangsters'
trade. He says the gangsters want
Mayor Thompson again, and fear
him, Judge Lyle.

Judge Lyle, still off-setting the
donkey, uses his best language. He
calls Mayor Thompson "jumbo flood
relief quack."

Dr. John L. Robertson, supporting
Judge Lyle, says Chicago was
"headed for vigilante and lamp-
post" meaning mob rule, when
Judge Lyle came to the rescue.

The campaign is getting warm
even for Chicago, where nothing
is done coldly.

Mayor Thompson had sued Judge
Lyle for \$100,000 and meanwhile the
Herald-Examiner, full of local pa-
triotism, wishes you to know that
government records concerning
crime show that Chicago stands No.
68 from the top. Outside editors
are requested to stop kicking Chi-
cago's crime dog around. Let them
look to their own crime records.

Florida will be pleased to hear
that the city with the lowest crime
record in the United States is Tam-
pa.

That Chicago deserves the crime
reputation is partly the result of
good newspaper reporting. Every-
thing is done and told spectacularly,
and never-to-be-forgotten names
are invented for the criminals.

You never would guess from Paul
Block's quiet home paper published
in Toledo, O., that Toledo stands
first in crime percentage, according
to the record, with 236.1 crimes
for each 10,000 population against
Chicago's 64.1 for each 10,000.

One entire 12-page section of
yesterday's Chicago American car-
ries a single advertisement by "The
Fair," department store.

A similar advertisement published
in the Chicago American a week
ago produced such results that the
advertisement was repeated yester-
day.

"The Fair" realizes that it is not
wise to whisper in a great crowd of
readers, when you can afford
shouts.

Such advertising clears shelves of
goods, employs many in the selling,
provides work for many more, pro-
ducing goods to refill emptied
shelves.

The Fair, like big stores in other
cities, has branches in different
parts of the city, giving the adver-
tiser the full value of newspaper
circulation. Mayor Namm, owner

MAIL IS STOLEN,
CLERK BEATEN,
IN U. S. CAPITAL

Three Pouches In Regis-
tered Shipment Taken
By Bandits

CONSIGNMENT ON
WAY TO TREASURY

Efforts Of Robbers Net
Nothing But Mutil-
ated Currency

(By Associated Press)

WASHINGTON, Feb. 12.—A dar-
ing holdup of a mail truck carry-
ing registered pouches in the Union
station here early this morning was
announced by postal officials today
as netting the robbers nothing but
mutilated currency.

The sacks stolen, after a mail clerk
had been beaten with lead pipe, con-
tained only old bills, cut in half
for shipment to the treasury de-
partment.

Police and government operatives
were at work in many portions of
the capital and watching its out-
skirts in an attempt to apprehend
the holdup men.

The treasury department said the
other halves of the mutilated bills
had been received here in a previous
mail shipment.

The robbery occurred between two
and three a. m. in the Union station
concourse.

Mr. Johnson, in charge of 28
bags of registered mail being
shipped from the Federal Reserve
bank in New York to the treasury,
was the mail clerk bludgeoned by
the robbers.

Officials said the custom of send-
ing money for redemption was to
cut an identification mark through
it, then to cut the bill in half the
long way in bank which was re-
turning it. The lower half of the
bill then is sent to the treasury,
where it is checked and a telegram
is sent to the bank that it has been
received. The upper half of the
notes are not sent until the bank
has received the telegram verify-
ing the receipt and check of the
first shipment.

If this custom was followed in
case of the stolen shipment, the
robbers could not have obtained
more than the usual half bills with
the bank's identification mark cut
through them.

Treasury officials said that now
and then some old money was sent
for redemption without being cut
but this practice was never fol-
lowed by the Federal Reserve
banks.

W. H. Moran, chief of the secret
service said it looked "very much"
as if the robbers had "gotten a
gold brick."

ices which will be held at the Holy
Trinity English Lutheran church at
7:45 p. m. today.

Rev. J. Elmer Biddle, D. D., former

ence and respect for Him can be
greatly increased."

The address was given as the
feature of the evening's program, in

TWO CHILDREN
BURN TO DEATH
IN AKRON HOME

Attorney J. F. Sourek In
Serious Condition In
Hospital

(By Associated Press)

AKRON, O., Feb. 12.—Two chil-
dren were trapped in a bed-room
and burned to death and the father
and mother and another child are
in an Akron hospital, as the result
of a fire that consumed the home
of Attorney Joseph F. Sourek, near
the golf courses early today.

The dead are:
Elizabeth May Sourek, 16, and
Joseph Francis Sourek, 6.

Attorney Sourek, 45, is reported
in serious condition from burns.
Mrs. Grace Sourek, 44, his wife, and
Rose Sourek, 14, are in fair condi-
tion.

Leap From Second Floor
Sourek, his wife and Rose, leaped
from the second floor and saved
themselves from the same fate that
overtook the two children.

Gaining consciousness for a brief
period at the hospital, Sourek said
he had poured kerosene into the
kitchen stove to start a fire. When
he lighted it, the fluid exploded,
enveloping him in a sheet of flames.

He said he attempted to smother
the blaze and then rushed, his
clothing on fire, to warn his family
in the bed rooms above. Then he
lapsed into unconsciousness.

Rose, who escaped with her father's
and mother, told of the leap from
the bedroom window and of the
frantic attempts to get the other
two children to follow them.

Children Are Trapped
Sourek forced his wife and
daughter Rose to jump through a
second floor window which he
kicked out. He then jumped after
giving instructions to his daugh-
ter Elizabeth, to drop Joseph down
to him. After Elizabeth saw her
father knocked unconscious by the
jump she attempted to leave the
house by the stairway with her
brother and was trapped.

Sourek, his daughter said, at-
tempted to get back into the house
when he recovered his senses, but
his efforts were to no avail.

Asks Aid In War
On Bulb Breakers

Cooperation of property-owners
in bringing charges against persons
responsible for destruction of
bulbs in electric street lights here
was asked by Service Director
Clyde R. Reich today.

Reich explained that breaking of
lights by youths using them as
targets for air rifles and stones
cost the city approximately \$400
in the last two months. Unless res-
idents cooperate with the service
department in reporting juveniles
responsible for the breaking of
bulbs, it will be difficult to check
the practice, the service director
said.

COLUMBUS, Feb. 12.—Mrs. Eliza-

Ohio, died early today following an
operation several weeks ago.

Clerk Discharged

AKRON, Feb. 12.—Charged with
handling funds irregularly, Sam J.
Cole, municipal court clerk, has been

Message Of Peace And

BROADCAST MADE
AT VATICAN CITY

Talk By Inventor Marconi
Precedes Address
By Pontiff

(By Associated Press)

VATICAN CITY, Feb. 12.—For
the first time in history the pope
today sent his voice to millions
throughout the world in a radio
message of peace to mankind.

Smiling and tranquil as though
he were a veteran of radio broad-
casting, he spoke over HVJ, the new
Vatican City station built for him
by Guglielmo Marconi and inaugu-
rated in celebration of the ninth
anniversary of his coronation as
Pope Pius XI.

Marconi Speaks
Senator Marconi, introducing the
pontiff, spoke briefly before the ad-
dress for which men and women
were listening in far distant cities
of the world.

"This is the first time in history
that the living voice of the pope
will have been heard simultane-
ously in all parts of the globe."

Turning to the pope, his friend
of long standing, he said:

"Holy father, I consign to your
wholeness the work entrusted to me.
Be pleased, I pray you, to let your
voice be heard across the world."

Message Of Peace

It was 10:25 o'clock (E. S. T.)
when the pope began speaking.

No longer a prisoner of the vati-
can, this most modern of all popes
sent his living voice to his congre-
gation of three hundred million
Catholics and to the members of all
other faiths.

His was a message of peace and
union.

Conductor Freed In
Cincinnati Murder

CINCINNATI, O., Feb. 12.—Mau-
rice Rose, Chicago street car con-
ductor, was free today after facing
a first degree murder charge in
connection with the slaying of
Ben F. Lowe, here last August 14.

A juror acquitted Rose last night.
The state sought to prove Rose
shot Lowe because of jealousy, al-
leging the men quarreled because
Lowe had won the affections of Rose's
divorced wife, Gladys, and that he
sought to win her back. Rose
claims self defense.

(By International News Service)

NEW YORK, Feb. 12.—Abraham
Lincoln, by tradition a
homely man, was in fact "very
handsome at times," according
to Miss Helen Nicolay, author
and daughter of Lincoln's pri-
vate secretary, John G. Nicol-
lay.

In an address here last night,
Miss Nicolay said her father told
her that Lincoln was hand-
some, especially when engaged
in a debate.

"When debating, Lincoln
threw his head back and
as though illumined by a lamp
within, my father used to tell
me," said the author.

STUDENTS FACE
LIQUOR COUNTS

College, County Authori-
ties Consider Disci-
plinary Steps

(By Associated Press)

ANN ARBOR, MICH., Feb. 12.—
University and county authorities
today were trying to determine
what disciplinary action should be
taken against 79 University of
Michigan students, members of five
Greek letter fraternities in whose
houses quantities of liquor were
seized in a series of surprise raids
yesterday.

The committee on student affairs
of the university senate has been
summoned for a meeting this after-
noon to consider the matter, while
the students are to appear in justice
court tomorrow to learn of any
formal charges are to be preferred
against them.

County Prosecutor Albert Rapp
said last night he had been too
busy with a student bootlegging
case to give careful thought to the
fraternity house raids.

Preliminary action on another
campus liquor case was completed
yesterday afternoon when Orrie
Brown, Spencer, Ia., law student at
the university was bound over to
circuit court by Justice Jay Payne
on a charge of possessing liquor for
sale.

according to report filed by Supt.

record for the institution.

There are 102 males and 49 fe-
males now being cared for at this
institution. While it has always
been a matter of record that the
number of charges increase dur-
ing the winter months never be-
fore has the record been as high
as it is this season.

CITY NEARS GOAL
IN DROUGHT DRIVE

Leaders See Need Of Re-
plenishing Funds For
Home Needs

(By Associated Press)

Salem chapter, American Red
Cross, leads the nation in percentage
of membership in proportion to pop-
ulation of the city.

That is the report just received by
Salem Red Cross workers from na-
tional headquarters. For the last two
years, Salem has had the highest
percentage in the state.

When records were compiled at
headquarters in Washington, Salem
had 19 percent. However, its roll
call campaign had not been com-
pleted. Today it has 2,730 members,
or a percentage of 25.7.

Drought Quota Reached
W. H. Dunn, chairman of Salem
chapter, attributes this remarkable
showing to the support given the
chapter by employees in the factories,
where most of the memberships are
held.

Salem's drought relief quota of
\$1,800 is within \$95 of its goal, Mrs.
Myra B. Woodruff, executive secre-
tary, announced today. It is under-
stood this shortage is to be covered
by voluntary subscriptions at once.

This money was raised without a
campaign, contributions having been
given voluntarily. The only exception
to this was the charity ball,
which netted \$450.

Many Aided In Salem
Attention of 4 Salem chapter of-
ficials is now being turned to the
possible need for replenishing funds
for home needs. While \$2,798 was
raised for Salem chapter during the
membership roll call campaign last
November, the greater part of that
amount already has been used in
providing food for needy families.

Mrs. Woodruff reports that de-
mands for aid are increasing, al-
though many private organizations,
including the W. C. T. U., have given
orders for groceries to be sent to
families without funds to buy their
own supplies. Throughout the win-
ter manufacturers have aided ma-
terially by providing some work for
men not required to operate the
plant. Work for one or two days a
week has been given many men
because of the manufacturers' de-
sire to contribute to the relief of
local needs.

Mrs. Woodruff called attention to
the fact that a few families have
recently moved into the city and
immediately applied for Red Cross
help. Charity laws of the state re-
quire a year's residence before a
family can apply to another city for
funds.

Can't Help Others

Red Cross workers here feel that
they have plenty to do without help-
ing those from other communities
outside the local district, which now
extends beyond the city limits con-
siderably. Consequently they are
advising others to remain where they
have residence, instead of moving
for the purpose of obtaining help
from another Red Cross chapter.

Township trustees work in con-
junction with the Red Cross, which
also has been serving many who
formerly relied upon the Salvation
Army for relief.

Stonemasons Vote
To Reduce Wages

EAST LIVERPOOL, O., Feb. 12.—
A voluntary wage reduction from
\$12 to \$10 a day, effective May 1,
1931, was voted by the Stonemasons'
union at a meeting here last night.

The action was taken, it was ex-
plained, to encourage building op-
erations in the district during the
spring and summer.

Stranded

FOREST CITY, Ark., Feb. 12.—
Along with all the other things
washed down in this county, I
found in Fort Smith, Ark., a
rather unique case.

A little circus is stranded
there. It's got an elephant and
a lot of animals. The town is
feeding the circus people, but this
elephant and these lions and
tigers and all are about to eat
the whole town out of funds.
This elephant alone has eat up
their budget.

"They wanted them to sell 'em.
They put 'em up and nobody
would buy 'em. Now come on,
you folks, and send some money
to Fort Smith, Ark."

Lots of folks can't seem to get
excited over humans hungry.
Maybe they can over wild ani-
mals. This elephant hasn't seen
a peanut since last summer.

There is no end to it, but we
will create one. Send it to the mayor,
and we will call it the "Strand-
ed Circus Fund."

Yours,
Will Rogers

### A STATE POLICE FORCE

Establishment of a state police force in Ohio is a present possibility. From time to time during recent years, as proposals looking to formation of such an organization have been made, public opinion for and against it has been crystallized. The present state of opinion is undetermined though it probably is more favorable than at any time in the last five years.

Representatives James A. Jones of Portage county has brought a bill into the house providing for a state police force of not fewer than 50 members nor more than 300 members, to be paid from the general revenue fund until such a time as it may become self-supporting. The State grange, the Farm bureau and the Farm Bloc members of the legislature are expected to back it. It is helpful to know, in this connection, that Representative Jones, partner in a structural steel concern, located in Ravenna, is not immediately associated with any of the groups understood to be favorable to his bill. It may be presumed that he represents fairly one portion of urban attitude toward a measure presenting many opportunities for a clash between urban and rural opinion.

The functions of a state police force are too well known to require description. Representative Jones' bill contains the following statements: "To maintain safety on and protection of the highways; to make arrests without warrants for all violations of the laws of Ohio, which they may witness, and they shall have also general police powers, which may be exercised at any time; to conserve life, property and the natural beauties of the state" is found in another place. It is important to notice that the force "shall not be used as a posse in any municipality having a regularly organized police force," and "that no officer or member shall be used in an industrial dispute." The last definition of duty is a concession to organized labor which, in past years, has opposed other constabulary bills on the grounds a state police force would be used unfairly in strikes and riots. These exemptions are in the bill's favor. It will be well, also, if those supporting it will avoid the imputation that a state police force could be maintained by costs, forfeits and other sources of legal revenue open to law-enforcing agencies. Speed traps would be a natural outgrowth of such a policy. State police are intended to protect citizens—not to be a nuisance.

Representative Jones' bill appears sound enough to withstand the hard knocks it is destined to receive, and it deserves the careful consideration of the legislature. Every successful small-town bank robbery, numberless automobile accidents, and a score of law violations occurring outside the jurisdiction of municipal police forces cry the need of protection that a state constabulary could supply if it were to function in a proper way. Consideration of this most recent proposal for its establishment will do a great deal to crystallize favorable opinion more extensively than ever before.

## HEALTH

### Scrub Face For Complexion

Not long ago I talked with the owner of a "beauty parlor." She is an unusually intelligent person and I was much impressed by her common sense views regarding the skin.

I want my readers to have the benefit of what this good woman told me. If all or some of these suggestions are followed, they cannot be other than helpful to the sufferer from a bad skin.

I had spoken of the remarkable output of one American soap-maker. This figure produced and sold last year 96,000,000 tons of soap. That is an amazing thing—192 million pounds of toilet soap, perhaps a billion bars!

"Oh! I am so glad to hear that," said the lady. "Too little soap and water are used by the people. Cleanliness, the cleanliness that comes from scrubbing the skin with soap, water and a rough wash rag, are essential to a good complexion."

Then we talked about the skin eruptions, particularly the acne and blackheads so many boys and girls have. "If only these children would scrub their faces and then leave on the surface to dry in a lot of the lather of common, yellow laundry soap," she said, "they are on the way to a speedy recovery of normal skin."

"After the soap has dried, yellow vaseline should be applied, right on top of the dried soap. This is left on all night and scrubbed off by vigorous washing in the morning." That, the lady said, will soon end the acne.

Then we talked about "alopecia," that peculiar form of localized baldness from which some persons suffer. There is just a patch of scalp disease that causes a loss of hair from a spot the size of a silver dollar, or larger. The doctors call it "alopecia areata."

"If this area is soaked night and morning with a two per cent formaldehyde solution, dried, painted with iodine and then smeared with yellow vaseline twice a day, the trouble will disappear in two weeks." Thus said the lady.

Certainly, these remedies are simple enough and absolutely harmless. They are worth trying. The thorough cleansing, if nothing else helps, will go far toward a cure. If you try these sensible measures and are greatly benefited, I wish you would write me about it. If we can help even a few of the people who have been embarrassed by marred skin it will add to the sum total of human happiness.

Needless to say, your good friend, the family doctor, must not be overlooked. He will advise you about the diet and any internal medication you may need. I am sure, he will not disapprove local measures so plainly sensible as are here outlined.

Ease in 5 Minutes—Comfort in 2 Hours

### Don't let SORE THROAT get the best of you...

FIVE minutes after you rub on Musterole your throat should begin to feel less sore. Continue the treatment once every hour for five hours and you'll be astonished at the relief.

This famous blend of oil of mustard, camphor, menthol and other ingredients brings relief naturally. Musterole gets action because it is a "counter-irritant"—not just a salve—it penetrates and stimulates blood circulation and helps to draw out infection and pain. Used by millions for 20 years. Recommended by doctors and nurses.

Keep Musterole handy—in your tub, To Mothers—Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

NEW YORK, Feb. 12.—Broadway's two most extravagantly publicized figures in the past year were Texas Guinan and Rudy Vallee. A clipping bureau's check up reveals each received free puffs that if paid for at space rates would total something more than a million.

A runner up for limelight honors was Legs Diamond. But Texas is the veteran in establishing a Page One halo and maintaining it. She is regarded as perpetual copy, especially by tabloids, and is the peg upon which is hung a thousand and one night life feature yarns.

She has no press agent anymore. When publicity fires burn low she merely fires off a barrage of typical Guinan telegrams and usually scores a bull's eye. Her almost constant companion in public is her handsome young brother, Tommy.

No other Broadway figure has appeared so largely in modern fiction. She has been made the central character in two novels, at least a half hundred short stories and a dozen talks and legitimate stage productions. Her auto-biography is being written.

She has shrewdly created an aura of White Way glamour. To the world she has become the lanky, red haired boyden—the nocturnal wise cracker with a heart of pure gold. Behind her rowdy "Hello sucker!" is a mawkish tenderness for the visiting spenders. And all that rot.

She is reputed never to have smoked, touched her scarlet pursed lips to liquor and is "good to the folks." The legend goes she leaves the fetid closeness of her club each dawn to canter in the clean air of Central Park.

Yet if the prophets are correct Miss Guinan's star in the Broadway heavens is descending. The night club furor she spent itself and she is to take off shortly to conduct a club elsewhere. Her popularity is almost solely New Yorkish. Hollywood once looked her.

There are many stories as to how much wealth Miss Guinan amassed in her reign as a rowdy night club queen. She is reported to have received a jousting in the market. For reasons she has made upward of \$2,000 a week. Her chief extravagance is poker. She has lived in a modest brick house on 12th street for years. Her fortune is variously estimated from several hundred thousand to a tabloid million.

Peculiarly no one made a tremendous fortune sponsoring night clubs. Gil Boag, who was a former night club king and the most successful of all, did not retire with a particularly large fortune. "Protection money" blots up the big earnings.

In the Tenderloin when some habitue has "got the rats" he is suffering from the heebie-jeebies.

Growing Deaf With Head Noises? Try This

If you are growing hard of hearing, and fear catarrhal deafness, or if you have roaring, rumbling, hissing noises in your ears, go to Lease Drug Co., and Broadway Lease Drug Store or your druggist and get 1 oz. of Parmitol (double strength) and add to it 1/4 pint of hot water and a little sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy, and the mucous stop dropping into the throat. It is easy to take. Anyone who is threatened with catarrhal deafness or who has head noises should give this prescription a trial. Adv.

# SEARCH DETROIT FOR SLAYER OF CLEVELAND MAN

Lessee Of Apartment In Which Potter Died Is Sought By Police

(By Associated Press)  
CLEVELAND, O., Feb. 12.—The trail of the killers of former Councilman William E. Potter led to Detroit today.

Letter Used As Clue  
"M. J. Markus", mysterious lessee of the apartment where Potter was slain nine days ago, was traced to Detroit through a letter sent by Fred C. Laub, custodian of the apartment block, to Rev. Milan Hranilovich, Chicago, owner of the building.

Explaining that his account was \$45 short, Laub wrote that this was the amount owed him by "Markus", but that Markus had called him from Detroit saying he would come here the next day. The following evening, Potter was shot to death.

A man answering the description of "Markus" and a pretty blond were taken from the building that night by a taxi-cab driver and have vanished.

Link Call With Murder  
Detectives connected the Detroit telephone call with the visit the same day of two men who said they were from Detroit. They came to the city hall and waited for Potter sev-

eral hours, but left a note and departed when he failed to appear.

Discarding the theory that Potter was slain because of what he might know concerning city land purchase frauds when he was in office two years ago, police believed the hired slayer or slayers were in some way connected with the "Eas", 105th street mob, which frequently has been found in alliances with Detroit gangs. Potter, officers believe, was the victim of some racketeer dispute. Potter's widow declined to allow police to see her husband's private papers on the advice of her attorney.

## OUR READERS

ABRAHAM LINCOLN

Editor, The News:  
Lincoln! Constructive Lincoln! In these days of "Constructive treason", how faithful hearts long for constructive Lincoln. Let us get back to Lincoln.

Lincoln! Straight thinking Lincoln! In these days of chaotic plotting and planning against our constitution; of satanic "strong delusions" concerning it, how greatly we need straight thinking Lincoln. Let us get back to Lincoln.

Lincoln! The un-purchasable Lincoln!

In these days of innumerable Esaus "selling their birthright for a mess of pottage"; of innumerable Judases willing and eager to "sell their honor for thirty pieces of silver", let us consider "honest Abe Lincoln". Let us get back to Lincoln.

On February 12, 1809, the Lord gave us Abraham Lincoln. The man we delight to honor as a specimen of the highest type of loyal citizenship. Lincoln said:

"Let every man remember that to violate the law is to trample on the blood of his fathers, and to tear the charter of his own and his children's liberty. Let reverence for the laws be breathed by every mother to the lisping babe that prattles on her lap; let it be taught in the schools, in seminaries and colleges; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And, in short, let it become the political religion of the nation, and let the old and young, the rich and poor, the grave and the gay of all sexes

and tongues and color and conditions, sacrifice unceasingly upon its altars."

Again Lincoln said: "As president, I have no eyes but Constitutional eyes."

But even as a humble, obscure citizen, from his childhood up, his "eyes" were ever loyal. He always saw constitutionally. That is the secret of his greatness: the reason "he came into the kingdom for such a time".

And so may each obscure citizen today be personally loyal to beneficent, constitutional prohibition. Total abstinence never made a drunkard. "Tippling" has made countless millions of degenerates.

Total abstinence is constructive. Tippling is destructive. Prohibition is a mother protector to the weak and erring. All straight thinking citizens will endeavor to make it a permanent policy of our government: not a mere "experiment".

Total abstinence is straight thinking; tippling is "strong delusion".

Let us get back to Lincoln.

Let all in authority be constructive Lincolns, standing by the constitution as they have pledged. Let them be straight thinking officials, uncorruptable by "filthy lucre". Let them each, in their own "corner", be it great or small, be Lincolns in sterling loyalty. Let us get back to Lincoln.

Let us all together abstain, retain, maintain, sustain prohibition. Proverbs 14:34. "Righteousness exalteth a nation: but sin is a reproach to any people."

Loyally, L. M. S.

LUCKIES are always kind to your throat

The advice of your physician is: Keep out of doors, in the open air, breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

Everyone knows that sunshine melloWS—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. # an Open-letter to Buick owners

February 7, 1931.

Dear Buick Owner:

Because of its importance, we decided to inform you now that the present line of 1931 Buick Straight Eights will not be replaced by new models this summer.

Buick, as you know, has introduced its new cars on August 1st, year after year. But inasmuch as these new Straight Eight models have met with such spontaneous approval by thousands everywhere, Buick has decided to continue manufacturing the present Eights throughout the summer and coming fall.

This is mighty good news to thousands of Buick owners because they will buy new Buicks now with the knowledge that there will be no model change next summer.

They will find in these new Buicks a degree of performance that is certain to give them a genuine thrill. All have the safe, silent-shift Syncro-Mesh transmission. All have Valve-in-Head Straight Eight engines. And all have the famous insulated Bodies by Fisher.

So well has the 1931 line been received that, out of every 100 eights sold in Buick's price class, 56 are Buicks.

May we suggest that you drive the Eight as Buick Builds It? Your Buick dealer will be very glad to have you take the wheel and learn at first hand how very much Buick Straight Eight performance adds to the joy of motoring.

Very truly yours,

### N. Y. Woman Lost 14 Pounds of Fat

ONE 85 CENT BOTTLE OF KRUSCHEN SALTS DID IT

"I am starting on my second bottle of Kruschen Salts, and am real pleased with results. I take it for reducing and so far have lost 14 pounds and I think it is doing wonders for me. I do not feel so tired evenings when I get home from work."

A generous bottle of Kruschen Salts that lasts 4 weeks cost but 85 cents at Lease Drug Co., and Broadway Lease Drug Store, or any drugstore in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—that will help Kruschen take off your fat.

Before the bottle is empty surplus fat is leaving you—indolence changes to activity—you'll feel younger—eyes will brighten, step grows sure. Millions know this—you ought to know it. Kruschen Salts is the ideal treatment for constipation, indigestion, headaches, nervousness and acidity.

Take Kruschen every morning—it's the little daily dose that does it—if not softly salted after the first bottle—money back. Adv.

### WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Rosent's substitute.

Mrs. Eleanor Patterson, editor of the Washington Herald, decided to interview Dr. Einstein, climbed the rocks on Samuel Untermyer's Palm Springs estate in California and found Dr. Einstein taking a sun bath with a handkerchief over his head.

She climbed down again with an interview, wondering what a regular determined go-getter she reporter would do under the circumstances.

Under such circumstances, Nelly Bly, best American reporter with the possible exception of Dorothy Dand, would have got a blanket, put it over Dr. Einstein and got the interview, if necessary, sitting on the blanket and Einstein to keep him from getting away.

Mrs. Patterson is a first class reporter.

Crime develops the jackals. When a killer has finished his man and left him lying dead in an alley, in the rear of 637 South State street here, two young men, 20 and 22 years old, following the murderer at a distance, stripped the corpse of its clothing as their share.

Detective Harold Fogarty got them and the clothing, including the shoes. Photograph shows one of the youths laughing as the clothing is held before him.

(By United Press)  
CHESTERTOWN, MD., Feb. 12.—Marriage License Clerk Cross knew as soon as the young couple entered the court house they wanted a permit to wed, so he passed over the blanks for signatures.

Just as the young man had finished writing "William Allaband, 23, of Kennett Square, Pa., and Myrtle N. Eastburn, 16, of Unionville, Pa." another couple entered.

"Why, Hello Earl, what are you doing here?" cried the first bridegroom-to-be.

"Same as you, I guess," replied the second young man as he wrote "Earl F. Allaband, 21, of Kennett Square, Pa., and Eva M. Crossan, 18, of Unionville, Pa."

The girls giggled and William looked surprised, when another couple walked into the room.

"Lo, boys" said the third young man. "Didn't expect to find you here."

The third young man wrote "Harvey Allaband, 23, of Kennett Square, Pa., and Margaret E. Gallagher, 19, of Kennett Square."

The three brothers shook hands excitedly, while the girls embraced.

The three brothers picked the same day and practically the same hour to motor nearly 100 miles to the same courthouse to get marriage licenses.

## GOITRE NOT A DISEASE

Milwaukee Doctor Makes Remarkable Discovery

Milwaukee, Wis.—It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. A-3, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. "MONTE CARLO"  
At The State

Six popular songs feature the picture taken from an episode of "Monte Carlo" playing tonight at the State theatre. "Monte Carlo" is the comical account of a courtship without hard ship in the continent's hottest spot. The locale is one of the most fascinating in the world—with its gambling tables, its gay life, its unique position as the smallest principality in the world, its rich, luxurious atmosphere of fast-pulsating romance.

"Monte Carlo" is the tale of a Countess who goes to the great European gambling resort to escape a possible marriage with a Prince whom she cannot bring herself to fall in love with. While she is in Monte Carlo she becomes the objective of the romantic heart of a young and handsome Count who finds it necessary to get a position as her hair-dresser in order to be near her.

The fortunes of the Countess played by Jeanette MacDonald, the Prince enacted by the English comedian Claude Allister, and the Count who Jack Buchanan portrays have been carefully blended into a rich and mirth-provoking entirety.

Rosita Moreno is cast opposite Arlen as a senorita, whose father owns Spanish Acres. Mital Green, nine-year-old actress, plays a western child, the ward of Rosita.

## THE DAY In Sports

CRUCIAL COUNTY TILTS  
CAGE RACES IN MUDDLE

Salem basketball teams, both sandlot and scholastic, are involved in peculiar situations this season as a result of developments in the past few days. The high school team is in a tangle concerning its fight for the district so-called "Big Ten" championship while in the municipal Class A circuit, there is now a big battle on to determine whether the contest played between the McArthur Florists and Golden Eagle Tuesday night shall be considered in league standings.

Each circuit are badly tangled in a conglomeration of unforeseen developments, the sandlot league as a result of Tuesday night's occurrence and the district loop muddle arising out of Warren's withdrawal from the league. Salem is anxious to have the Warren game, in which Warren won by a 36-30 score, thrown out of league averages while the Golden Eagle is just as full of anxiety in an effort to have the league board of arbitration to reconsider its action in awarding Tuesday's game to the Florists.

Out of these events comes a fact that should have been apparent some time ago. Apparently neither the city or district leagues have a definite code of rules, at least the district circuit has none to apply to such a case as Warren's withdrawal and such a rule should immediately be drafted.

Salem's Class A league should have had a printed code of rules three seasons ago. Managers of teams have avoided unwritten rules simply because those orders were not down in "black and white" and the league board must, in order to preserve basketball for future years here, take such action. The same situation applies to the district or the league cannot survive.

Wellsville High, playing here Friday night, is almost Salem High's last hope for a county championship this year. For Saturday night the Tigers clash with the strong East Palestine team at Wellsville and, should Salem win over Wellsville here, and Wellsville defeat Palestine, the Quakers will practically have won the county title. The games are just as important to Coach Dave Evans' team as they are to the Red and Black, for, with only one defeat in county competition, the Tigers can still win the crown.

A meeting of the Salem athletic board will be held this week at the Memorial building to determine final action in the Golden Eagle-Florists debate. . . . The Grove Electric will practice at the high school gymnasium at 2 p. m. Saturday. . . trying to find out what was the matter Tuesday night when the Electric Furnace trummed them. . . Salem Saxons play at Alliance Saturday.

Two Salem High cage enthusiasts that don't get to see their team in action a great deal are R. W. Hilgendorf and J. C. Guiler. . . Hilgendorf is the high school's treasurer and exchequer and must be on hand to sell ducats and see that all funds are taken care of. . . Guiler, debate coach, is the pleasant gentleman you hand your tickets to at the door. . . Fire Captain George Lewis and Antonio "Tony" Meissner are still leading claimants to the Salem cribbage championship. . . they beat two more challengers at city hall the other night and are eagerly awaiting more competition.

Opposition to the Ackerman boxing bill was voted today by the Foremen's club of the Mullins Manufacturing corporation in a telegram sent to R. D. Smith, Salineville, this district's representative in the Ohio General assembly.

The boxing bill is scheduled to appear before the present assembly and stipulates that a large license fee and percentage of gross receipts be exacted from all organizations or individuals sponsoring professional fight shows.

Ohio fight promoters, banding together, are opposing passage of the bill. The telegram was sent to Rep. Smith by James R. Kesselmir, president of the Foremen's club.

Action was taken by the Mullins group in that the club sponsors profitable shows as a form of entertainment for employees, not as a money-making project.

Pitt Panthers Will Meet Duquesne Team

PITTSBURGH, Feb. 12.—The Pitt Panthers and the Duquesne team may meet in all sports now that the ice has been broken by scheduling a football game for 1932.

## Strong County Rival To Play Here Friday In Important Battle

An offensively strong Wellsville High school basketball team, victorious in ten out of eleven games played to date, invades Salem High's gymnasium for the first of a two-game home-and-home series between the two Columbiana county scholastic rivals Friday night.

It will be the first of two important contests scheduled for the Red and Black tossers this week, the second coming Saturday night when Coach Floyd Stone's lads, both varsity and reserves, trek to Ravenna for the second duel with the district rivals who were annihilated here, 30-19, last week. The Wellsville game means everything to Salem's chances of attaining the county championship while the Ravenna conflict has an important bearing on the team's standing in the Northeastern Ohio league battle.

**Stonemen Have Hopes**  
The stonemen are well holding slight hopes for their winning titular honors in both the county and district circuits. The chances are extraordinarily slim but the Quakers are ambitiously hanging on and hope to finish up among the leaders.

## METHODIST CAGE TEAM DEFEATED BY GREEN ROOM

### League Leaders Swamped By Fourth Place Five In Class B Loop

The Methodist church cage quintet, once far in the lead in the American league of Salem Class B competition, now possess first place in the circuit by only a half-game margin and are being seriously threatened for championship honors.

Upsets which continue to flourish in Class B leagues again came to the fore in Wednesday night games, the Methodist cagers dropping a one-sided 23-9 decision to the fast-rising Schafer's Green Room team.

Outclassed all the way and held to two points in the first half, the league-leaders never had a chance against the speedy opposing five which looked like one of the best Class B outfits in the city.

"Charlie" Quinn and Glasgo led the Green Room's attack with 10 points each. The churchmen scored only four field goals during the game. "Mutt" Roessler's defensive work featuring the game.

The J. H. Lease Drugs advanced to a 500 rating in the league by eking out a 14-13 decision over the tail-end Business College five while the Salem China company was swamped by the Bloomberg five, 20-8.

## Baseball's Greatest Humorist Dies; Originated Modern Slang

(By Associated Press)  
CHICAGO, Feb. 12.—Charles Dryden, first and perhaps the greatest of all baseball humorists, is dead.

The man who originated nearly all the expressions used in writing baseball today, passed on yesterday in his modest little cottage in Ocean Springs, Miss., after being a hopeless paralytic for 10 years. He was about 71 years old.

**Former Newspaperman**  
Dryden, who worked on Chicago and New York papers, until about 15 years ago, became famous for the unique manner in which he reported baseball games. He always built his stories around an incident which struck him as humorous. He was nationally recognized as one who could pick a nickname for a baseball player and make it stick.

He was the first to call Frank Chance, late manager of the famous Cub team of 1906, the "peerless leader." He was the first to call a baseball park a "ball yard." He hung the name "Big Mose" on Ed Walsh, famous White Sox pitcher, and once wrote of Walsh as "the only man in the world who could strut standing still."

**Regards Games As Joke**  
Dryden regarded baseball as a huge joke, and always wrote humorously of games.

Dryden became a writer through no desire of his own. He was an iron moulder in Monmouth, Ill., and while working in a foundry wrote amusing incidents that came to his mind. A friend, reading some of Dryden's sketches, advised him to quit the iron moulding business and become an author. Dryden wrote several humorous books, one of which was entitled "On and Off the Bread Wagon." It was a story of his own personal experiences. Later he wrote a story of the sea.

## Stomach Ulcers Healed With Famous Powder

A Milwaukee physician of over 26 years experience has perfected a formula in powder form which has brought amazingly quick relief to sufferers from ulcers, acid dyspepsia, gas, bloating, dizziness, headaches, etc.

It neutralizes excess acid, relieves irritation, pain and distress, and being in powder form, forms a soothing coating over the inflamed stomach lining and ulcers so that healing can take place.

And best of all there is no rigid dieting necessary. This treatment is different and to quickly introduce it everywhere the distributors are offering to send a free proof treatment and the true facts about the treatment of ulcers and other forms of stomach trouble to any sufferer who writes them. If you want to try it free, just send your name and address to the RamRock Co., Dept. H, Box 930, Milwaukee, Wis.—Adv.

## California Track Prospects Bright; New Athletes Appear

BERKELEY, Feb. 12.—New strength in practically all events has added new lustre to track and field prospects at the University of California this season.

Golden Bear athletes have been seriously at work for a little more than a week, and already the dopesters have it that this year's team will be considerably better in competition than was last year's aggregation, even though surveys on paper are the only possible basis for comparison.

**Lose Captain Pogolotti**  
The most serious losses are those of Al Pogolotti, captain and star hurdler of last year's team, and Emery Curtice, leader of the 1929 varsity who returned in 1930 for a final season and placed fourth in the I. C. A. A. A.

Fred Henderson, two-miler, is another athlete whose absence will be felt, and Benny Lom and Bill Bias are missing from the ranks of the broad jumpers.

The javelin holds the "star spot" among the Bears' best events, with Kenneth Churchill, I. C. A. A. A. record holder and N. C. A. A. champion, returning for a final fling—or flings. Churchill gained his record with a toss of 212 feet 5 inches, and at the N. C. A. A. meet won the event at 204 feet 2 inches.

Weight men are plentiful and if "unknowns" develop may be stronger than last year. Fred DeBerry, whose best shot put last year was 47 feet, returns. Sherlock Hackley comes up from the freshmen in both events, and Clarence Lang, who did not complete last season, looks promising in both shot and discus. Walto Darraq, Fullerton junior college transfer, and two other former jaycee performers, Lyman Pink and Lorin Todd, are rated as good prospects.

Dick Rice, consistent at 6 feet, leads the high jumpers with John Enright, a point winner of last season not far behind. Tony Jacklevitch does not return.

The outlook in the pole vault is fair, with George Pool, consistent at 13 feet, returning from last year's varsity and Charles Vantress, a promising youngster, coming up from the freshmen. Vantress set a new California-Stanford freshman record last year, his best vault being 12 feet, 6 1/2 inches.

## RECALLS 'ABE'S' DESIRE TO SEE HOWITZER WORK

Retired Skipper, 93, Entertained President Long Time Ago

(By Associated Press)  
NEW YORK, Feb. 12.—The old schooner Matthew Vassar now in shore and after some maneuvering tied up to a dock in the Washington navy yard.

Her skipper was busy in the cabin and the mate, William B. Draper, was below decks.

There was a bit of a howdeedo at the rail and a tall man, wearing a high beaver hat, came over the side. "Where's the master?" he asked in a deep voice.

They sent for Draper.

Skipper Recognizes Guest  
"Do you know who I am?" the caller asked.

"No one could mistake you sir," Mr. Draper replied in his best first mates English. "You are President Lincoln."

On the deck stood a howitzer, new fangled weapon of great vaunted prowess.

Abe Lincoln, for it was he, pointed to it and said:

"I've heard a lot about them and would like a demonstration."

There was a shell in the mortar, but no powder. The men handed the piece expertly, elevating its yawning mouth.

Mate Draper turned to the President and said:

"I have the right elevation now, sir, and can land a shell right on the dome of the capitol if you wish, sir."

The president smiled and answered:

"No, leave it where it is. That is

the best place for it".

With a few more words the great man took his leave.

Memories Remain  
That was a long time ago. But a man can have memories, when he lacks but nine years of living a century.

And "Uncle Bill" Draper, as they call him at Sea Cliff, N. Y., has 'em these cold February evenings when he hauls up before the hearth of the cottage he built with his own hands.

"Uncle Bill" doesn't believe with Edgar Masters that Lincoln's was a forbidding personality.

Draper sailed around the world and back again in his day. But the biggest and most wonderful character he ever encountered was President Lincoln and he doesn't mind telling you that. He said today:

"I remembered him best by his hat. First the hat, then the face. They called him homely but it was a face you could trust and couldn't help loving. And sometimes when you looked in his eyes there was a catch in your throat for the sadness of them."

"I never saw him alive again after that day," said the old retired sea dog. "But when I did look upon his face once more he lay in state in the New York City Hall."

VAN BUREN, Me.—Armed with only a cedar club, Levite Beaulieu battled a black bear in the woods near here and lived to tell the story. The man came upon the bear while tracking it through the snow. Instead of trying to escape, Beaulieu attacked the animal and killed it with a single blow of his stick.

## TODAY'S RADIO PROGRAMS

(By Brush-Moore Leased Wire)  
President Hoover's tribute to the memory of Abraham Lincoln is to be broadcast over two of the three national networks tonight.  
Speaking from the Lincoln study on the second floor of the White House, where the great emancipator did most of his work during the Civil war, Hoover's message will go out over the Columbia network and stations on NBC's WJZ chain at 10 o'clock.

The broadcast will carry Hoover's only public utterance on the birthday anniversary of Lincoln. So many requests for his services as a speaker at numerous affairs were received that the President decided the radio was the medium through which he could comply best to all of them.

**Plea For Drought Funds**  
Pleas from two governors for contributions to the Red Cross fund for relief of conditions precipitated by the drought will be broadcast during the program. Don Voorhees' orchestra will present over the WJZ network tonight at 9:30. The speakers are Governor Harvey Parnell of Arkansas, one of the states hardest hit by the drought, and Governor Norman S. Case of Rhode Island. John Barton Payne, president of the Red Cross, will introduce the speakers. The plea of Governor Parnell will come from Little Rock, Ark., and that of Governor Case from Providence, R. I.

### Acids In Stomach Cause Indigestion

Create Sourness, Gas and Pain. How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.  
Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist some Bisurated Magnesia and take a teaspoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. Adv

### A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs croscote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to croscote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
